BRAD BIRD

THE INCREDIBLES

Seated in front of a colored backing is a magnificent masked man in a Superhero suit: early thirties, ruggedly handsome and powerfully built, he fiddles with a clip-on microphone.

We're watching a faded DOCUMENTARY, shot in 16mm. A TITLE FADES IN, identifying the man as MR. INCREDIBLE.

MR. INCREDIBLE

Is this on?

(muttering to himself)

I can break through walls but I can't get one of these things on...

He finally gets the clip secured and settles in.

INTERVIEWER (O.S.)

So, Mr. Incredible, do you have a secret identity?

Incredible stops tinkering with the mic and looks toward CAMERA. He flashes his patented megawatt smile.

MR. INCREDIBLE

Every Superhero has a secret identity. I don't know a single one who doesn't. Who wants the pressure of being usuper" all the time?

MR. INCREDIBLE

No matter how many times you save the world, it always manages to get back in jeopardy again. Sometimes I just want it to STAY SAVED for a little bit. I feel like the maid: "I just cleaned up this mess, can we keep it clean for ten minutes?? Please.

(laughs, then sighs)

Sometimes I think I'd just like the simple life, you know? Relax a little, raise a family•••

ELASTIGIRL

Settle down? Are you kidding? I'm at the top of my game, I'm right up there with the big dogs. I mean ca'mon! Leave saving the world to the men? I don't think so.

(laughs, pause)

I don't think so•••

MUNICIPBERG - STREETS - MOVING - LATE AFTERNOON

SIRENS WAIL. Lights FLASH. We're in the middle of a classic CAR CHASE: A police car in HOT PURSUIT OF anothe car driven by armed BANK ROBBERS.

The robber riding shotgun primes his SUBMACHINE GUN and unloads on the cop car, which SWERVES into oncoming traffic to avoid the hail of bullets.

INSIDE ANOTHER CAR - NOT FAR AWAY

BOB PARR, a dashing, golden-haired man in his late twenties listens to his radio. If he looks familiar, it' because he is the same man we saw earlier: MR. INCREDIBL sans mask and Supersuit. Suddenly the music is

RADIO

We interrupt for an important bulletin: a deadly high-speed pursuit between Police and armed gunmen is underway, traveling northbound on San Pablo Boulevard.

Bob presses a button. The RADIO flips: converting to a screen filled with a moving aerial map of the city streets. He types in "ISOLATE PURSUIT". 2 RED DOTS appear, moving quickly over the map.

He makes a hard right turn. Looks at the screen. A tiny "i" icon (Mr. Incredible's logo) closes in on the 2 red dots. He checks his WATCH--

BOB

I've got time.

--and presses another button: "AUTODRIVE" and types in "MERGE PURSUIT".

Bob takes his hands off the wheel and a rapid series of automated actions begin: the seat back drops FLAT, the passenger seat folds against the window as the driver's seat slides to the center.

Bob raises his arms as metal bands lock around his waist, then SEPARATE, sliding apart toward his head and his toes, removing his clothes to REVEAL his slick, brightly colored MR. INCREDIBLE SUPERSUIT underneath•••

He presses another button: the car's exterior CONVERTS into the coolest retro-futuristic vehicle ever seen: The INCREDIBLE. MR. INCREDIBLE looks up:

THROUGH THE WINDSHIELD

we see an OLD LADY waving us down.

OLD **LADY**

Mr. Incredible! Oh-- MR. INCREDIBLE!

Mr. Incredible pulls up. His window WHOOSHES open.

Incredible glances at his screen: the pursuit *is* headed his way. He thinks, making some quick calculations, then--

MR. INCREDIBLE

Certainly, Ma'am. But I suggest you stand clear, there could be trouble.

OLD LADY

Oh no, he's quite tame--

RESUME PURSUIT - SAME MOMENT

The COP CAR pulls back in behind the robbers' car. The cops are firing now and closing in.

INCREDIBLE & THE CAT TREE

Nervously checking the pursuit on his video screen, Incredible rips the tree out of the ground. He tips it, leaning it across to the lady just as the CAR CHASE squeals into view at the end of the block. Incredible sees this and hastily SHAKES the tree, trying to dislodge the cat.

INTERCUT

The CAR CHASE. The cars swerve into view now, bordering the park that Incredible is in. Incredible SEES them and shakes the cat harder. Chase cars close in. Incredible. Car chase. The cat. Chase. Cat--

One final SHAKE: Squeaker drops into the OLD LADY'S hands. Incredible raises the tree up and SLAMS it down on the hood of the crooks' car, squashing it like a bug.

LATER

Incredible TAMPS down the loose dirt at the base of the freshly replanted tree and smiles at his admirers.

COP #1

Thank you, Mr. Incredible, you've done it again.

COP #2

Yeah, you're the best.

MR. INCREDIBLE

I'm just here to help.

He jumps into the INCREDIBLE and is startled to find a pudgy kid wearing a mask and a homemade Superhero costume sitting in the passenger seat.

MR. INCREDIBLE (CONT'D)
Who are you supposed to be?

BOY
Well... I'm
INCREDIBOY!

Mr. Incredible stares warily at the awkwardly costumed kid. He's starting to look familiar...

BUDDY

The passenger door *WHOOSHES* open and "IncrediBoy" is ejected from the car. Incredible fires the afterburners and peels off, leaving Buddy standing alone.

CITY ROOFTOPS - MINUTES LATER

A trail of stolen goods scattered across a rooftop leads us to a THIEF. He mutters to himself as he roots through a stolen purse, disregarding some items, stuffing others into his pockets. A SHADOW looms on the wall behind him.

Incredible looks up and sees a dazzling MASKED WOMAN in an equally dazzling suit. She SMILES.

MR. INCREDIBLE (CONT'D)
 Elastigirl.

ELASTIGIRL

Elastigirl moves to the snatcher, begins to pick him up-

MR. INCREDIBLE

MR. INCREDIBLE

Elastigirl smiles, moves very close to Incredible.

ELASTIGIRL

In one fluid motion she LOOPS around his body, suddenly behind him and before he can turn-- back in front again.

ELASTIGIRL

She makes a little stutter step to the edge of the roof and jumps, flips, loops and STRETCHES across the rooftops like a liquid cat, disappearing into the setting sun.

MR. INCREDIBLE lets out a low whistle. That. Is a woman.

MOMENTS LATER

Incredible handcuffs the purse-snatcher to a pipe.

MR. INCREDIBLE
Now you just stay right here. They usually pick up the garbage in an hour.

There is an ugly flash in Buddy's eyes.

EXT. PARR HOME - LATER

A pleasant, unexceptional home in a neighborhood full of pleasant, unexceptional homes. Bob's car pulls into the driveway, the engine sputtering a long time before finally expiring with a tired gasp.

Bob steps out and SLIPS on a skateboard left in the driveway. He falls backward, grabbing the roof of the car to steady himself. He pushes the skateboard away, muttering darkly, and notices that he's inadvertently crumpled the roof with his Super-grip.

BOB

Bob LOSES IT. He seizes the car, lifting it overhead as if readying to fling it over the far horizon and STOPS--a five-year-old neighbor *kid* on a Big Wheel tricycle, RUSTY MCALLISTER, stares on in SHOCK and AWE. Frozen with the car overhead, Bob stares back... then sets his car down on the driveway and eases into his house as if nothing had happened.

INT. PARR DINING ROOM - NIGHT

Helen spoons baby food into the mouth of JACK-JACK (with all the facial "English" known to parents), most of which Jack-Jack squeezes back out onto his chin .. where it is adeptly caught on Helen's spoon and reintroduced into the baby's mouth.

DASH

Mom, you're making weird faces again.

HELEN

(spoons, makes a weird face)
No, I'm not••.

BOB

You make weird faces, honey.

HELEN

(notices Bob's newspaper)
Do you have to read at the table?

BOB

Uh huh. Yeah.

Helen SIGHS. *She* turns *her* attention to Dash, who is wrestling with an uncut slab of steak.

HELEN

Smaller bites, Dash! Bob, could you help the carnivore cut hismeat?

Bob SIGHS, puts down the paper, grabs a knife and fork, reaches over to Dash's plate, and begins to cut his meat.

HELEN (CONT'D)

Dash? You have something you want to tell your father about school?

DASH

Uh... well, we dissected a frog••?

Dash got sent to the office again.

Dash got sent to the office again.

BOB
What for? DASH

Nothing. HELEN

He put a tack on the teacher's chair.
During class.

DASH
Nobody saw me. You could *barely* see it on
the tape.

BOB
They caught you on tape and you still got a

HELEN
Bob, we are not *encouraging* this--

BOB
I'm not encouraging, I'm just asking how
fast he was--

HELEN
Honey!!

A loud **CRACK** is heard. Bob stops cutting; realizing that
he's sawed right through the table with his dinner knife.

BOB
Oh, great. First the car and now I gotta
pay to fix the table--

HELEN
The car? What happened to the car?

Bob rises, gives Dash his plate of food and EXITS into the kitchen.

BOB
I'm getting a new plate.

HELEN
(to Vi, forced cheerful) What about you, Vi? How was school?

VIOLET
(shrugs)
Nothing to report.

HELEN
You've hardly touched your food.

VIOLET
I'm not hungry for meatloaf.

HELEN
Well, it is leftover night. We have steak, pasta-- what are you hungry for?

DASH
Tony Rydinger•••

VIOLET

Shut up!

DASH
Well, you are!

VIOLET
I said SHUT UP, you little insect!

DASH
Well, she is!

HELEN
Do NOT shout at the table!

Honey--?

BOB (O.S., DISINTERESTED)
Kids, listen to your mother.

Dash and Violet swap GLARES. All resume eating. Then-

DASH
She'd eat if we were having Tonyloaf.

VIOLET

Violet LUNGES across the table, VANISHING (save for her clothes). They wrestle. Dash escapes, racing around the table in a BLUR, SLAPPING at the back of Vi's head before crashing into a FORCE FIELD she throws in his path.

DASH
OW!! No force fields!!

VIOLET
You started it!!

HELEN

Stop it! Dash! Violet!

Helen's arms STRETCH across the table as she struggles to keep the KIDS apart. Jack-Jack LAUGHS, loving the chaos.

INSIDE THE KITCHEN

Oblivious to the melee, Bob gets a new plate from the cupboard, still perusing the newspaper. The headline reads: "PALADINO MISSING". With it is a photo of a lean, striking man, early forties, sporting wraparound sunglasses and a full head of blonde hair.

BOB
(V.O., READING)
Simon J. Paladino, long an outspoken
advocate of Superhero rights, is missing.
(mutters to himself)
Gazerbeam...?

HELEN (O.S.)
Bob?? It's time to engage!! Do something! Bob
snaps out of it, turns toward the dining room. RESUME

DINING ROOM

Bob ENTERS-- startled to see the CHAOS.

HELEN
Don't just stand there! I need you to
intervene!

BOB
Okay-- I'm intervening, I'm INTERVENING!

Bob hoists the dinner table and everyone with it over his head. Dash and Vi dangle from Helen's tangled arms and continue to scrap. Jack-Jack shrieks happily.

The DOORBELL rings. Everyone FREEZES, then quickly resume their original "quiet dining" positions. Dash answers the door. (CONTINUED)

LUCIUS BEST (aka FROZONE) stands in the doorway, looking sharp in a leather jacket. Like Helen, he too has weathered the post-Superhero years well.

FROZONE

Hey, Speedo... hey, Helen--

BOB

Ice of you to drop by!

FROZONE

(sarcastic)

Hah. Never heard that one before--

DASH

(mouth full of water)

Hey, Lucius!

Lucius turns to see Dash spurt a mouthful of water into the air. Best's hand flashes out; the air CRACKS with a sudden chill and the water FREEZES SOLID. Lucius LEAPS, catches the ice before it hits the ground. Dash sinks back, disappointed.

DASH (CONT'D)

Aww. I like it when it shatters.

BOB

(grabs his coat, bowling bag)

I'll be back later.

HELEN

Where are you two going?

BOB

It's Wednesday.

HELEN

Don't think that you've avoided talking about your trip to the Principal's office, young man. Your father and I are still going to discuss it.

DASH

I'm not the only kid who's been sent to the office, y'know.

HELEN

Other kids don't have Superpowers. Now it's perfectly normal for you to feel--

VIOLET

Normal? What do you know about normal? What does anyone in our family know about *normal*? The only normal one is Jack-Jack.

HELEN

Now, wait a minute, younglady--

VIOLET

We ACT normal! I want to BE normal! The only normal one is Jack-Jack, and he's not even toilet-trained!

Buoyed by hearing his name, Jack-Jack gleefully spits a mouthful of baby food onto his bib and cracks up.

DASH

Lucky.

(off Vi's and Helen's looks)

Uh, I meant about being normal.

INSIDE LUCIUS'S CAR - CITY STREETS - MINUTES LATER

Bob and Lucius sit in Lucius's large, comfortable sedan, which is *parked* in a run-down city neighborhood. A portable POLICE SCANNER sits on the dashboard, volume low, occasionally interrupting his story.

FROZONE

FROZONE

This is just sad.

BOB

Yeah, robbery. Wanna catch a robber?

FROZONE

Tell the truth, I'd rather go bowling. What if we actually did what our wives think we're doing, for a change?

EXT. LUCIUS'S CAR

WIDEN to REVEAL: the silhouette of a WOMAN watching Bob and Lucius from the driver's seat of a black sports car, discreetly parked in a dark alley. She lowers her binoculars and speaks into a headset.

MIRAGE

He's not alone. The fat guy's still with him. They're just talking•••.

FROZONE

FROZONE

BOB
You need an invitation?

FROZONE
I'd like one, yes. We keep sneaking out

adjusting to civilian life, too.

BOB
Yeah, there was something about him in the

FROZONE

I don't see anyone from the old days, Bob.
Just you. We're pushing our luck as it is.
It was fun the first time, but we keep

The scanner SQUAWKS suddenly-

SCANNER

We have a report of a fire at Fourth and
Elias.

BOB

A fire! We're close! Yeah, baby!!

Bob pulls a ski mask over his face. Shaking his head at
his own complicity, Lucius does likewise.

FROZONE

He starts the car and U-turns toward the fire.

CITY STREETS - NIGHT - CONTINUOUS

Bob's enthusiastic SHOUTS echo off the darkened buildings as
the sedan peels off... followed, a beat later, by the
MYSTERIOUS BLONDE in the black sports car.

INT. APARTMENT BUILDING - MINUTES LATER

A raging inferno. Bob descends the burning steps, stops in the hallway. Both he and Frozone carry several passed out apartment dwellers on their shoulders.

LUCIUS

Is that everybody?

BOB

Yeah, that's everyone!

The building is beginning to COLLAPSE. They're trapped with no way out. Frozone tries to ice the burning walls, but his ray is weak and ineffective.

BOB (CONT'D)

Can't you put this out?

LUCIUS

I can't lay down a layer thick enough!!
It's evaporating too fast!!

BOB

What? What's that mean?

LUCIUS

Means it's hot and I'm dehydrated, Bob!

BOB

You're out of ICE??! You can't run out of ice! I thought you could use the water in the air!

LUCIUS

There IS NO water in this air! What's *your* excuse?? Run out of muscles?

BOB

I can't just go smashing through walls! The building's getting weaker by the second! It'll come down on top of us!!

LUCIUS

I wanted to go bowling!!!

A large chunk of ceiling smashes to the floor in a burning heap. Bob looks around nervously, then fixes his gaze toward the door. He shifts his stack of unconscious victims to one shoulder and looks at Lucius.

The heroes and their rescued smash through the wall just as the building behind them collapses. Bob, Frozone and the pile of near-victims are saved. An ALARM sounds. Bob & Frozone realize they're--

INSIDE A JEWELRY STORE

A ROOKIE COP spies the MASKED MEN and draws his pistol. Frozone spies a WATER COOLER. He grabs a PAPER CUP.

ROOKIE COP

Lucius moves the cup under the tap. The jittery ROOKIE cocks his pistol's hammer.

ROOKIE COP

LUCIUS

I'm just getting a drink...•

His eyes fixed on the cop, Lucius slooowwwly brings the cup to his lips and drinks. His face becomes serene.

Bob and Lucius jump into Lucius's car, pulling off their ski masks.

LIVING ROOM - NIGHT

Bob enters quietly through the kitchen, pausing in the kitchen long enough to nab the remaining hunk of chocolate cake. Humming pleasantly as he chews, he moves into the living room when a voice comes out of the dark--

HELEN'S VOICE

You said you'd be back by eleven.

Bob FREEZES. A light snaps ON. A chair swivels around-it's Helen, wearing her robe and a peeved expression.

BOB

I said I'd be back later.

HELEN

 back at all, you'd be "*back later.*"

BOB
 Well.. I'm back. Okay?

Bob moves to go, but Helen's left arm STRETCHES and stops
 him, plucking a small, dusty fragment of concrete off his
 coat. She crosses to him, catching up with her hand.

HELEN
 Is this.. *rubble?*

BOB

 It was just a little workout, just to
 stay loose--

HELEN

It's a ceremony•••

BOB

It's psychotic! They keep creating new ways to celebrate mediocrity, but if someone is genuinely exceptional, they shut him down because they don't want everybody else to feel bad!

HELEN

This is not about you, Bob!! This is about Dash!!

BOB

You wanna help Dash? Let him actually compete! Let him go out for sports!

HELEN

I will not be made the enemy here!! You know why we can't do that!!!

BOB

BECAUSE HE'D BE GREAT!!

HELEN

THIS IS NOT ABOUT YOU!!!

An abrupt BREEZE ripples the *air*, ruffling some loose papers on the coffee table.

BOB

Alright, Dash. I know you're listening. Come on out.

HELEN

You too, young lady.

Dash moves out from behind a door. Violet's head REMATERIALIZES from behind the couch, she stands up, embarrassed. Bob moves next to Helen, becoming parental.

We're sorry we woke you. Everything's okay. Go back to bed, it's late. In fact-

Bob frowns and turns away, following the kids back toward the bedrooms.

INSURICARE - BOB'S CUBICLE - FOLLOWING MORNING

Bob sits at his tiny desk. One look at his bleary face says it all: he hasn't slept all night. His intercom BEEPS. Bob glares at it a beat, then hits ANSWER.

INTERCOM

Mr. Huph wants you in his office.

BOB

Now?

INTERCOM

Now.

Bob releases the intercom button, SIGHS. Mirage looks around Bob's cramped cubicle, her gaze falling to the open briefcase on Bob's desk.

Huph rises from his desk and crosses to Bob.

Okay. Why.

Why what? Be specific, Bob.

Bob's eyes are drawn to the window: Outside, across the street, a stocky man lingers suspiciously in an alleyway.

BOB

(still watching man)

Why are you unhappy.

HUPH

Your customers make me unhappy.

BOB

(turns back to Huph)

You've gotten complaints?

HUPH

Complaints I can handle. What I can't handle is your customers' inexplicable knowledge of Insuricare's inner workings. They're experts! Experts, Bob! Exploiting every loophole, dodging every obstacle--

BOB

Did I do something illegal?

Huph has in fact gone through several walls, four in total and three adjoining offices, before skidding across the floor of the newly visible hallway beyond.

The occupants of adjacent offices lean into view, gawking in astonishment through their shattered walls; first at Huph's sprawled form, then one by one back at Bob.

INT. BOB'S DEN

A cramped, windowless museum of MR. INCREDIBLE arcana. Walls and shelves cluttered with mementos of his storied past: framed photos, newspaper front pages, magazines, and, displayed on the wall under Plexiglas, his MR. INCREDIBLE SUIT.

Bob enters and closes the door. He opens his briefcase, pulls out an INSURICARE EMPLOYEE'S MANUAL. Bob growls and rips it in half, tossing it in the trashcan.

On a roll now, he begins to dump the entire contents of his briefcase into the trash when-- CLUNK!

Bob DOUBLE-TAKES-- startled by the HEAVY sound. He peers over the edge of the desk, into the trash, and SEES--

A LARGE MANILA ENVELOPE. He picks it up, and is surprised it's heavy. He opens it and pulls out a FLAT PANEL about a half-inch thick. On it is printed "THIS END UP".

He turns the panel as instructed. In the center is a small circle with writing beneath it. Bob SQUINTS, unable to read the tiny letters. He brings it closer--

HIS P.O.V.:

Suddenly, the panel projects a red GRID over Bob's face. We hear a robotic female VOICE--

Bob DROPS the panel in surprise. It clatters to the desk, still functioning. A small foot-long rod with a metal ball at the top pops out from the panel. The ball at the tip makes a quick, single revolution, scanning the surrounding room with a vertical beam.

INSIDE THE JET

Bob, clad in his old (and now too-tight) Mr. Incredible suit.
MIRAGE IS ON BOARD. SHE DEBRIEFS HIM.

MIRAGE

The OMNIDROID 9000 is a top-secret,
prototype battle robot. Its artificial
intelligence enables it to solve any
problem it's confronted with. And...
unfortunately--

MR. INCREDIBLE

Let me guess. It got smart enough to
wonder why it had to take orders.

MIRAGE

(nodding)

--we lost control. And now it's loose in the
jungle, threatening our facility.
We've had to evacuate all personnel from
the island for their own safety. They're
waiting offshore for the all clear.

MR. INCREDIBLE

How am I going in?

MIRAGE

The Omnidroid's defenses have necessitated
an air drop from 5000 feet. Its cloaking
device makes it difficult to track. . .
although we're pretty sure it's on the
southern half of the island. One more
thing; obviously it represents a
significant investment--

MR. INCREDIBLE

You want me to shut it down without
completely destroying it.

MIRAGE

(smiles)

You are Mr. Incredible.

DROP POD **BAY**

After a few unsuccessful tries, Mr. Incredible manages to
squeeze his girth into the pod. Mirage enters the pod bay,
presses the pod's speaker switch.

(CONTINUED)

MIRAGE

(through speaker)

Remember: it's a learning robot Every moment you spend fighting it only increases its knowledge of how to beat you.

BOB

(through speaker)

Shut it down. Do it quickly. Don't destroy it.

MIRAGE

(through speaker) And don't die.

Bob shoots Mirage a wan smile

BOB

Great. Thanks.

The POD is blasted from the jet and disappears into clouds above the island.

SLOW DISSOLVE TO'

EXT. NOMANISAN JUNGLE - MINUTES LATER

Bob groans as he tries to disengage his generous belly from the tiny pod. Finally with a frustrated yell, he RIPS the pod in half; FREE. He stretches, does a few toe touches and twists to shake out the kinks He's ready.

BOB

Showtime

He jogs off into the jungle to track the robot.

A SERIES OF DISSOLVES

As an out-of-shape Bob jogs deeper and deeper into the jungle, growing more winded with each passing mile. His sides ache, and he PAUSES now and then to catch his breath, but he shakes it off and resumes his pursuit

DISSOLVE TO;

LATER

The forest is still now, and Bob's footfalls and heavy breathing are the only sounds we hear. Bob still scans the jungle, but he's tiring and he pauses ~~(CONTINUED)~~ against a banyan tree to catch his breath...•••

...and notices LARGE SLASH MARKS in the side of the tree. He runs his hand over them; they're fresh. In the dirt near his feet is a giant X-SHAPED FOOTPRINT

BOB

Hnm ...

With a loud CRACK the trees behind him split apart and the OMNIDROID is upon him. It SLASHES at him and he dodges, but not quickly enough and the bot's claw catches him in the shoulder, drawing blood.

Fire comes into Bob's eyes and when the bot slashes again he's ready-- leaping over the bot and landing on his feet on the opposite side. The bot is caught by surprise and in the split second it takes for the bot to find Bob--

--BAMMMM!!! Bob has thrown a mammoth punch that sends the machine flying into the nearest tree.

Bob lets out a happy snarl that says, "You just got schooled by MR. INCREDIBLE, baby." Deep within its metal shell, servos WHINE and the bot rights itself, its EYE LENS fixing on Bob.

BOB (CONT'D)

Uh oh.

The bot CHARGES. Once again Bob tries his patented leap-TIME SLOWS as we cut to INSIDE THE BOT'S BRAIN.

A

VIEWSCREEN shows the arc of Bob's leap being calculated by the bot.

RESUME WIDE SHOT

The bot swings-- SWATTING Bob mid-jump. Bob sails into a banyan tree so hard that it splits the trunk Bob is STUNNED: the bot has quickly learned and countered. The bot CHARGES again.

WITH BOB

--as he runs for his life, the Omnidroid hot on his tail. Bob races through the jungle with surprising speed, but his added weight is slowing him down. He CUTS ha:e:d to his right and DIVES--

OFF A CLIFF

Bob tumbles and slides down the :e:ocky, near-vertical face, followed by the relentless machine It ROLLS past him and lands in his path.

(CONTINUED)

CONTINUED:

Bob flings boulders at the machine, but the bot is a fast learner, immediately incorporating Bob's moves into its own attack.

The Omnidroid leaps high in the air and nearly lands on top of Bob, who leaps clear and tumbles to the bottom of the cliffs.

LAVA FIELDS

Bob REELS, and before he knows what's happening, the Omnidroid is there, driving him toward the bubbling-hot pools of LAVA.

Bob resists the bot with all his might, but his feet can't hold the rocky surface, and as he is pushed ever closer to the white-hot lava, fear begins to grip his mind.

Bob and the Omnidroid grip each other like wildly mismatched wrestlers, with Bob at lava's edge now, losing ground. Bob is STRAINING, desperate... then something in him SNAPS. He fills with rage, and with a ROAR he--

--jerks to one side and FLIPS the OMNIDROID into the lava. The machine hits the lava with a hissy SPLAT, sinks into the hot glow and disappears. Bob is wild. He laughs, pointing at the bat's grave with a gesture of defiance and--

SNAP!-- throws his back out. Suddenly he can't breathe.

BOB

Agh. My back--!

The ground EXPLODES beneath him, splitting the rock. Claws rise from the lava, grip the rock, and the dreaded Omnidroid draws itself out of the lava, dripping magma, its metal body glowing red as if it came from hell itself.

Bob looks down. The ground is splitting into chunks beneath his feet. In pain, barely able to move, Bob makes a desperate leap to a chunk of rock as it breaks free... and lands pathetically on top.

The bot snatches him off and slams him into the ground. Then it lifts Bob up, grabbing his feet with another claw and begins to pull Bob apart. Bob strains, then-- POP!

--his back realigns! Bob is a new man! With a laugh he *jackknifes*-- ripping off one of the *Omnidroid's* claws . He drops underneath the bot, causing the bot to open a second eye in its underbelly to find him.

(CONTINUED)

CONTINUED

Bob ROARS, seizing the second eye, ripping it off the bot's body and flinging it in the lava pool. Before the bot can react, Bob has climbed inside the hole in the belly. The bot knows Bob is inside and begins to STAB itself wildly to get at him... puncturing itself again and again and tearing itself apart.

Until... sparking and sputtering, it staggers and shuts down. Bob punches a hole in the top, whistling and slapping its side. The bot drunkenly ROUSES and makes a final *grab* for Bob deep within its belly, and rips out its own metallic guts••

...and KEELS OVER, a lifeless scrap pile. Bob hops out, smiling. Mr. Incredible's work is done.

IN A NEARBY TREE

An exotic BIRD, which looks strangely out of place, cocks its head to one side. CAMERA PUSHES IN to one of its eyes as a metal IRIS appears. It's a CAMERA LENS.

A SHADOWED FIGURE

stands with Mirage, watching this all on a bank of VIDEO SCREENS.

SHADOWED FIGURE

Surprising. We must bring him back. Sound the all clear.

(he exits, stops, turns back)

And... invite him to dinner.

INT. DINING HALL- OUTER CORRIDOR - EARLY EVENING

A TRANSPOD arrives and Bob steps out, dressed in a tux.

INT. DINING HALL

Bob opens the door, peeks inside. The hall is massive, with an open terrace that overlooks the tropical forest. In the center of the room is an enormous dining table, placed parallel to a fall of hot LAVA.

Bob checks his watch; realizes he's early. A sudden RUMBLE makes him look up. The LAVA FALL PARTS, revealing a SECRET PASSAGEWAY MIRAGE emerges.

Bob instinctively pulls back, leaving the door opened just enough to watch. A SILHOUETTED FIGURE follows after Mirage, gesturing animatedly. They pause at the entrance to the passageway, their talk too distant to be heard.

A sound causes MIRAGE to look in Bob's direction.

INT. DINING HALL - OUTER CORRIDOR - MOMENTS LATER

Mirage, suspicious, pushes open the dining hall DOORS.
Climbing out of the transpod, Bob notices her and smiles.

BOB

Am I overdressed?

MIRAGE

Actually, you look rather dashing.

INT. DINING HALL

Bob and Mirage are seated at an enormous table that runs parallel to an equally large LAVA FALL.

BOB

I take it our host is--

MIRAGE

I'm sorry. He's not able to dine with us tonight. He hopes you'll understand.

BOB

Of course. I usually make it a point to know who I'm working for.

MIRAGE

He prefers a certain amount of anonymity. Surely you of all people understand that.

BOB

I was just wondering... of all the places to settle down, why live--

MIRAGE

--with a volcano? He's attracted to power. So am I. It's a weakness we share.

BOB

Seems a bit unstable.

MIRAGE

I prefer to think of it as misunderstood.

BOB

Aren't we all?

(CONTINUED)

MIRAGE

Volcanic soil is among the most fertile on earth. Everything at the table was grown right here. How does it comparB?

BOB

Everything's delicious.

Bob raises his glass. Mirage smiles and does likewise.

MONTAGE: INCREDIBLE AGAIN

His self-esteem back, Bob returns home with renewed vigor. He bonds with his kids, gets frisky with Helen, and takes new pride in his appearance. He buys a new snazzy SPORTS CAR for himself, and a new car for Helen.

After he says goodbye to Helen several mornings, clearly pretending to go off to the job he no longer holds at Insuricare, we see how he's actually spending his days; dropping weight and getting in shape.

The Superheroic workouts do their job; Bob is in the best shape he's been in many years.

INT. BOB'S BEDROOM - MORNING - MONTHS LATER

Bob, dressed in a more expensive and tailored version of his Insuricare suit, pauses to examine the torn spot on his MR. INCREDIBLE SUPERSUIT.

HELEN (O.S.)

Hurry, honey, or you'll be late for work!

Bob quickly stuffs his SUPERSUIT into his briefcase and snaps it shut.

PARR HOUSE - FRONT DOORSTEP - MORNING

Bob pauses at the doorstep. Helen enters and HUGS him.

HELEN

Have a great day, honey! Help customers, climb ladders--

BOB

--bring bacon--

HELEN

--all that jazz!

Helen plants a proud kiss on his lips. Bob exits.

EXT. E'S HOUSE - DAY

Bob's new car pulls up to an imposing gate, a futuristic web of parallel laser beams. He turns toward a video screen and presses a button beneath it. The VIDEO SCREEN lights up, revealing a BURLY GUARD.

GUARD

Do you have an appointment?

BOB

I'm an old friend, I just wanted--

GUARD

All visitors are required to make arr--

The GUARD suddenly flinches from something below camera, and is shoed offscreen by a strident, husky female voice--

VOICE

Get back, Rolf! Go check the electric fence or something.

A pair of huge glasses fronting the top half of a head rises into the bottom half of the screen, out of focus. This is EDNA MODE, known by her friends simply as "E."

E

What is it? What do you want??

Bob removes his sunglasses and grins at the camera.

E (CONT'D)

My God, you've gotten fat. Come in! Come!

The gate opens and Bob drives up the long driveway that winds up the hill to E's tastefully arty house.

INT. E'S HOUSE

E leads Bob through the tasteful, minimalistic entrance way into her massive living room. E is in her early sixties, half German, half Japanese, and like both of those small countries, not to be underestimated.

E

Yes, things are going quite well. My God, no complaints. But, you know, it is not the same. Not the same at all.

BOB

Weren't you just in the news? Some show in Prague?

Milan, darling, Milan. "Supermodels"- HAH! Nothing super about them. Spoiled, stupid little stick figures with poofy lips who think only about themselves- FEH! I used to design for Gods! But perhaps you come with a challenge, eh? I was surprised to get your call.

BOB

E, I just need a patch job.

Bob hands E his damaged suit. She examines it, frowning.

E

This is megamesh, outmoded but very sturdy, and you've torn right through it. What have you been doing, Robert? Moon lighting hero work?

BOB

Must've happened a long time ago.

E

(knowingly)

I see. (re: his suit)

This is a hobo suit, you can't be seen in this. I won't allow it. Fifteen years ago, maybe. But now•••

E drops the suit into a trashcan. Bob retrieves it.

BOB

What do you mean? You designed it.

E

I never look back, darling. It distracts from the now. You need a new suit. That much is certain.

BOB

A new suit? Where the hell would I get--

E

You can't! It's impossible, I'm far too busy so ask me now, before I again become sane.

BOB

You.. want to make me a suit?

INT. PARR HOME - MASTER BEDROOM - EVENING

Helen plucks one of Bob's enormous shirts from a stack of freshly cleaned laundry and hangs it up in their closet, when something catches her eye:

A long, PLATINUM-BLONDE HAIR (Mirage's) on Bob's suit jacket. Helen plucks it off, examining it. The phone RINGS. She goes to answer it, hesitating when she hears--

BOB (O.S.)

I got it! Don't answer it, honey, I got it!

Helen frowns. There's something suspicious about Bob's eagerness.

INT. BOB'S DEN

Bob picks up the phone-

BOB

Hello?

INT. CONTROL ROOM - NOMANISAN

MIRAGE

We have a new assignment for you.

INT. MASTER BEDROOM - WITH HELEN

She carefully picks up the phone, places a hand over the mouthpiece, and listens in•••.

MIRAGE'S VOICE (PHONE)

How soon can you get here?

BOB'S VOICE (PHONE)

I'll leave tomorrow morning.

Helen REACTS.

INT. BOB'S DEN

BOB

I understand. Goodbye.

Bob hangs up the phone and moves to the door, opening it. Helen is there, blocking the doorway. She forces a smile.

HELEN

Who was that, honey? The office?

BOB

Another conference. Short notice, but-
 (srniles, shrugs)
 --duty calls.

Bob squeezes past her and exits. Helen stares into his den, feeling suspicious and impotent.

INT. PARR GARAGE - MORNING

Bob is seated in his new sports car, its engine purring. He belts himself in. Helen enters, still in her robe.

HELEN

Bob--

BOB

Hmn? What is it, honey?

A storm of conflicting emotions play across Helen's face. But she puts on a happy face and leans down through his open window.

HELEN

Have a nice trip.

BOB

Thanks, honey. Call you when I land.

HELEN

I love you... so much.

Something in her voice makes Bob hesitate. He looks back at her, curious.

BOB

I love you too.

He gives her a kiss, then backs out of the driveway, and, with a wave, drives off.

EXT. ABOVE THE CLOUDS - DAY

The sleek-looking MANTA JET slices the sky.

INT. MANTA JET

Bob, leaner and meaner in his new SUPERSUIT, dips a fresh prawn into some cocktail sauce and gazes around the luxurious cabin. He's happy as a clam.

AUTOPILOT

This is your automated Captain speaking. Would you care for more Mimosa?

BOB

Don't mind if I do. Thanks.

His glass disappears into his armrest, instantly replaced by a full glass of mimosa.

AUTOPILOT

You're welcome. Currently 78 degrees in Nomanisan. Please fasten your seat belts. We're beginning our descent.

OVER **THE** ISLAND

As the jet *begins* its descent toward the island, we begin to see its spectacular aspects: active volcano, towering snow-capped peak, tumbling waterfalls, futuristic monorail, etc.... a paradise on earth.

Suddenly the engines cut off and the jet **PLUNGES**, nose down, into the sea, converting into a **SUBMERSIBLE**.

BENEATH THE WATER'S SURFACE

The jetsub cruises through a fantastic seascape of exotic otherworldly rock formations, toward the base of the island through vast curtains of bubbles created from a field of cooling lava.

A massive door **OPENS**, revealing a huge underwater docking bay. The ship enters, the entrance closing behind them.

INSIDE THE DOCKING BAY

The water **DRAINS**. The **JETSUB** settles to a landing. A giant **DOCKING TUBE** extends from a side wall and connects to the side of the jetsub.

INT. JETSUB

Bob turns as a door opens, **REVEALING** a small side chamber and a pair of shapely **LEGS**. **MIRAGE** leans into view.

MIRAGE

Welcome back, Mr. Incredible. Nice suit. You've lost weight.

BOB

But not my appetite. It's good to be back. Mirage.

Bob enters the monopod. The doors shut and it takes Off. EXT.

NOMANISAN JUNGLE - TRAVELING WITH THE POD

The MONOPOD zooms along a track which rises from a tunnel beneath the lagoon and sweeps through the jungle. Although this is his second time here, Bob is seeing the island with new eyes. It is a WONDER.

The monopod track disappears straight into a rushing WATERFALL. Suddenly the waterfall PARTS, the water separating like an enormously long chiffon curtain, revealing the intricately designed architecture hidden underneath.

WITH THE POD

as it enters a VERTICAL TUBE, and ZOOMS upward into the dark.

INT. GUEST QUARTERS - MOMENTS LATER

Elevator doors slide open crisply. Bob enters and takes in the room. It is small, open and tasteful, with a balcony overlooking a breathtaking view of the jungle and the ocean beyond.

MIRAGE

You will be briefed about your next assignment in conference room at two. Room A113.

BOB

Two o'clock. Thanks.

MIRAGE

See you there.

Mirage leaves. Bob enters, throwing his case on the bed. He grabs a pear from a bowl of fresh fruit and takes a bite. He steps out on his balcony and leans against the railing. He could get used to paradise.

INT. PARR HOME - BASEMENT HALLWAY - DAY

Helen vacuums. She notices some debris outside Bob's den, and vacuums it. The vacuum bumps the door and it swings open. Helen stares at the floor, pushes the vacuum forward in a probe of Bob's den carpet. The sound of filthy debris rattles up the vacuum tube. Helen SIGHS: she's got to vacuum the entire room.

(CONTINUED)

INT. BOB'S DEN - CONTINUOUS

As she begins to vacuum the den floor, she notices that the door of his Mr. Incredible suit display case is AJAR. She pushes it closed and suddenly STOPS, looking closer at Bob's old SUPERSUIT--

HELEN

Edna.

INT. PARR HOUSE - KITCHEN - DAY

HELEN

Hello? I'd like to speak to Edna.

E

This is Edna.

HELEN

E? This is Helen.

E

Helen who?

HELEN

Helen Parr-- er, uh... you know... Elastigirl.

E

DARLING! How ARE you?? How divine to hear from you!

HELEN

Yes, it has been a while. Listen, there's only one person Bob would trust to patch his Supersuit, and that's YOU, E.

E

Yes yes yes. Marvelous, isn't it? Much better than those horrible pajamas he used to wear. They are all finished, when are you coming to see? Don't make me beg, darling, I won't do it, you know!

HELEN

Beg... uh--? No, I'm calling abeg about-suit-- about suit... Bob sssuit--

(frustrated with herself)

--I'm calling about Bob's suit!

E

You come in one hour, darling. I insist.
Okay? Okay, bye.

INT. NOMANISAN BASE - CONFERENCE ROOM A113

Bob opens the door. No one is there. He checks the wall clock: two o'clock. He decides to enter and takes a seat at the meeting table. There are some strange, low sounds.

Then the far wall SLIDES OPEN, revealing the outdoors and
--a bigger, badder OMNIDROID.

Bob turns to run, but the OMNIDROID is fast. It grabs him and flings him into the outside air.

EXT. BASE - JUNGLE CLEARING - CONTINUOUS

Bob SAILS to the edge of the jungle, landing with a thud. Before he can react, the robot has him again, and slams him into the ground. A VOICE comes over a loudspeaker.

VOICE

It's BIGGER! It's BADDER!

The robot seizes Bob in one giant claw, turning two others into WHIRLING BLADES. They close in on Bob's neck--

--when a young, chunky, wild-haired man in a bright Supersuit descends from the sky on jet-boots, landing on top of the enormous robot.

WILD-HAIRED MAN

It's too much for Mr. Incredible! It's finally ready!

The wild-haired man pokes a few buttons on one of his wristbands. The robot's BLADES stop, the bot stands down.

WILD-HAIRED MAN (CONT'D)

I went through quite a few Supers to get it worthy to fight you, but, man... it wasn't good enough! After you trashed the last one I had to make some major modifications. Sure it was difficult, but you are worth it. After all... I'm your biggest fan.

A dark realization falls over Bob's face•••

BOB

Buddy...?

CONTINCONTINUED

BUDDY

My name's not BUDDY!

He presses a button on one of the thick platinum BANDS around his wrists: the OMNIDROID FLINGS Bob again.

BUDDY (CONT'D)

And it's not "IncrediBoy" either. That ship has sailed. All I wanted was to help you. I only wanted to help! And what did you say to me??

FLASHBACK: MR. INCREDIBLE & BUDDY 15 YEARS EARLIER

A shot from the prologue, softened by memory. A young Mr. Incredible turns away from Buddy/IncrediBoy

MR. INCREDIBLE

Go home, Buddy. I work alone.

FLASHBACK: BUDDY IN HIS BEDROOM

Still in his IncrediBoy costume, but without the mask, Buddy glowers up at his bedroom wall, a shrine to Mr. Incredible. He tears a poster off the wall.

BUDDY (V.O.)

It tore me apart. But you taught me an important lesson: you can't count on anyone...

RESUME THE PRESENT - BOB & BUDDY

BUDDY

...especially your heroes.

MR. INCREDIBLE

I was wrong to treat you that way. I'm sorry.

BUDDY

See? Now you respect me. Because I'm a threat. That's the way it works. Turns out, there are a lot of people, whole countries who want respect. And they will pay through the nose to get it. How do you think I got rich? I invented weapons. Now I have a weapon that only I can defeat, and when I unleash it I'll get--

Bob suddenly FLINGS the LOG at Buddy. He DUCKS it, and presses a button on one of his WRISTBANDS: a BEAM erupts from his index finger and HITS Bob in his chest, FREEZING him mid-action. Buddy CHUCKLES with admiration.

BUDDY {CONT'D}

You sly dog! You got me monologuing!

Buddy jerks his beam-arm to his right, effortlessly hurling Bob into a tree with tremendous force.

BUDDY {CONT'D}

Cool, huh?? Zero-point energy. I save the best inventions for myself!!

Buddy immediately catches Bob in the IMMOBI-RAY again, freezing him in space.

BUDDY (CONT'D)

Look at THAT! Am I good enough now?

INT. CAVE

He is BLOWN into the inside of a cave. Bob COUGHS up some water, tries to catch his breath. He looks up to see--

Bob crawls over to rub some dirt from the emblem over the eyes: the emblem reads "GB".

BOB

Gazerbearn...

The skeleton is still sitting up, and Bob is compelled to follow its gaze to the adjacent cave wall. There... presumably in his dying moments, Gazerbearn had burned a word into the rock: "KRONOS".

BOB (CONT'D)

Kronos...?

Just then Bob hears a sound near the blowhole of the cave. A tiny, flying PROBE rises from the hole. A scanner detects a body in the cave, and the probe flies toward it. It pauses in front of the skeleton, scans it, then retreats, exiting.

Bob slowly rises from behind the skeletal remains and watches it go.

JUNGLE - TOP OF THE FALLS

Syndrome's PROBE emerges from the mist of the falls and returns to Syndrome. It BEEPS as it DOCKS with his wristband.

 E'S HOUSE - DAY

E leads Helen downstairs toward her hidden lab.

E

This project has completely confiscated
 my life, darling... consumed me as only
 hero work can. My best work, I must
 admit. Simple. Elegant, yet bold. You
 will die. I did Robert's suit and it
 turned out so beautiful I just had to
continue!

HELEN

E, it's great to see you, but-- I have no
 idea what you're talking about, I just--

E

Yes, words are useless. Gobble gobble
 gobble-- there's too much of it, darling,
 too much! That *is* why I show you my work.
 That is why you are here!

She turns to the wall and rapidly executes an elaborate
 series of security measures:

punches a fifteen-digit code with her left hand, while-
 pressing her right hand against a panel. It FLASHES, as- she
 exposes her eyes to a RETINAL SCAN which--
 causes a MICROPHONE to extend from the wall to her lips--

IN A FLASH: a CEILING PANEL OPENS, and out pops an ENORMOUS
 GUN, which trains its sights on Helen. E sees this, turns
 back to the microphone, adding hastily--

E (CONT'D)

And "quest."

The gun retreats into the ceiling. The wall in front of them
 OPENS dramatically, REVEALING:

E'S TESTING LAB

A large, ultra-sophisticated work area, dedicated to the design, fabrication, and testing of SUPERHERO SUITS.

E crosses to a large, raised PLATFORM mounted to a track running parallel to a glassed-in chamber, and sits in one of the two chairs facing it. Between the chairs is a small table with a fresh pot of coffee and assorted cookies . E motions Helen to join her--

E

Come, sit. Cream and sugar?

Helen shakes her head, feeling a little bewildered, and sits as E pours and hands her a cup of coffee.

E (CONT'D)

I started with the baby•••

HELEN

"Started"?

E

Shh, darling, shh--!

Inside the chamber, a panel opens. A small, featureless BABY **MANNEQUIN in** a tiny red SUIT (sporting the same "i" insignia as Bob's) mounted to a post emerges, tracking slowly from one end of the chamber to the other.

E (CONT'D)

The inside of the chamber ERUPTS in FLAMES. Helen jwnps back as E continues talking--

The palm BENDS, slowing Bob's drop before he expertly releases it and drops into another palm directly below it.

Bob leaps onto the roof of the pod, quickly dispatching the guards *inside*, tossing them into the ocean. Bob seats himself at the controls, as the pod races toward Syndrome's base and a security checkpoint.

CHECKPOINT

Two GUARDS look up as they hear the monopod approach. A sparking WHEEL CARRIAGE arrives at the gate, its cab completely torn off and missing.

suddenly alert, the GUARDS cock their guns and aim into the dark. We hear a distant GRUNT. A moment later the CAB falls from the sky, crashing on top of the GUARDS.

Bob runs through the wrecked gate, toward the base.

EXT. BASE

Bob pulls up behind some trees. There are several GUARDS; two at the vehicle entrance, another at the balcony above. Bob thinks a bit, looks down and finds a COCONUT.

With expert precision, he throws it at the balcony guard, BEANING **HIM**. He falls off the balcony and hits the ground.

The other guards rush to help him, leaving their post. Bob runs up to the vehicle entrance-- it's locked tight. Bob sees shadows of guards approaching, he's out in the open and about to be caught when--

--the door suddenly sweeps up and open, taking Bob with it. An AMBULANCE moves out of the open bay, and as the door moves closed behind it we see Bob drop into the garage.

Bob is startled by a flash of light behind the fall; the passage is opening. He loses his balance, struggling to set the massive sculpture back into place before Mirage enters. Bob rushes into the closing passage. Jumps clear just as passage CLOSES.

RESUME E'S LAB

Helen on phone. E listens intently in the b.g.

HELEN

Hello, this is Helen Parr, Bob Parr is my husband. I was wondering if you could give me the number of the hotel he's staying at. The number I have is no good.

SECRETARY

Mr. Parr no longer works at Insuricare.

HELEN

What do you mean? He-- he's on a business trip, a company retreat--

SECRETARY

My records say he was terminated almost two months ago.

Helen HANGS UP in a daze.

E

So. You don't know where he is...

Helen shakes her head. E HOLDS UP the HOMING DEVICE.

E (CONT'D)

Would you like to find out?

INTERCUT:

Bob enters the computer record of the development of the OMNIDROID. It squares off Superheroes on one half of the screen with progressively more advanced versions of the Omnidroid. A "TERMINATED" band blots out the loser of each encounter.

Bob's eyes fill with horror: Syndrome has been using Superheroes to beta-test his Omnidroid killing machines, starting with the weaker Superheroes and working his way up as the robots became more deadly.

He types in the name: ELASTIGIRL. Under "whereabouts" the computer answers "UNKNOWN". Bob heaves a sigh of relief.

INT. E'S LAB - SAME MOMENT

Helen reluctantly takes the homing locator from E and stares at it, not sure she wants to know what it may tell her.

SYNDROME'S MASTER COMPUTER ROOM - WITH BOB

Bob is now looking at Syndrome's master plan, which seems *to indicate unleashing the Omnidroid* on a major city. A countdown has already started: it's happening within 24 hours. Bob rises from the console and starts for the **EXIT**.

INT. E'S LAB - SAME MOMENT

Helen presses the locator button on the homing tracker. On the viewscreen, the locator isolates a remote island.

WITH BOB

As the dot over the "in on his chest-logo LIGHTS UP... beeping. Bob looks down in surprise. An alarm sounds as the room is awash in bright light. Unwittingly Helen has exposed him.

Bob races for the exit, but is hit by sticky balls of goo fired from guns lining the walls, which INFLATE, quickly making it impossible to run.

Bob falls to the floor, swallowed up by the expanding goo.

BOB'S P.O.V.:

The expanding goo-balls fill up the P.O.V... but not before Bob makes out the recognizable figure approaching him:
MIRAGE.

What'll I do? What'll I do??

E

What are you talking about...?

E suddenly leaps onto the table. She WHACKS Helen with the rolled-up newspaper.

E (CONT'D)

YOU ARE ELASTIGIRL! **My** God, pull yourself together!! What will you do? Is this a question? You will show him you remember that he is Mr. Incredible, and you will remind him who YOU are. Well, you know where he is. Go. Confront the problem! FIGHT! WIN!

And call me when you get back, darling. I enjoy our visits.

INSIDE PARR HOUSE - HALLWAY - LATER

Readying to leave, Helen talks to Violet as they walk toward Helen's bedroom.

HELEN

There's lots of leftovers you can reheat. Make sure Dash does his homework and both of you get to bed on time. I should be back tonight, late. You can be in charge that long, can't you?

VIOLET

Yeah... but why am I in charge again?

Mom STRETCHES to slam the door closed. IMMEDIATELY Dash is outside the sliding window, looking in.

DASH (CONT'D)
You made a cool outfit? Hey, are those for us?? We all get cool outfits?

Mom stretches to pull the blinds, briefly taking her hand off the doorknob. Dash ZOOMS back through the door, nabs his outfit and is gone. Helen calls after him.

HELEN
Wait a-- DASH! You come back THIS MOMENT!

The phone RINGS. Helen, expecting it, quickly picks up.

HELEN (CONT'D)
Hey Snug! Thanks for getting back.

Violet has entered. She stares at the suits on the bed.

VIOLET
What are these?

Dash ZIPS back *in*, fully dressed in his suit.

Dash whisks the suit from Helen, offers it to Violet.

DASH VIOLET
 This is yours! It's specially made. (to Helen)
 What's going on--?

Helen pushes BOTH children out into the hall and SLAMS her door. Violet looks at the suit, then at Dash.

VIOLET
 What makes you think it's special?

DASH
 Iunno. Why'd Mom try to hide it?

Dash runs off. Violet looks at the suit, wondering. Making her hand invisible, she touches the suit--

AERIAL SHOT - MOVING OVER THE OCEAN

A BOAT gains into the frame, skimming over the water at a

We see that the boat is actually HELEN, who has contorted

Violet sits impassively, her long hair streaming in the

The Incredi-boat speeds away from us, heading toward the

NOMANISAN BEACH - EARLY EVENING

Valuing life is not weakness.

Syndrome crosses to her, casually dismissive.

SYNDROME

MIRAGE

And disregarding it... is not strength.

Syndrome sidles up behind her, lifts her chin with a gentle hand and draws her face toward his.

EXT. **JUNGLE** - NIGHT

Helen enters a clearing and looks up. A monorail track soars high above the jungle floor. A monopod is coming. Helen throws her hands high, stretching them up to the pod passing overhead. It yanks her offscreen.

MOVING THROUGH THE TREES

Helen hangs suspended beneath the pod on long arms, alternating hands to swing around the support columns. Gaining momentum with each swing, she throws her body above the roof of the car, landing expertly on top.

ON TOP OF THE POD

Helen squints into the rushing wind, sees the track slicing through the dense jungle canopy and leading directly into the base of the towering volcano.

A familiar HUM causes her to hide, and she slips down one side of the pod, out of view, as TWO HOVERJETS buzz by. Helen watches the jets descend to a landing strip inside the Volcano just as the pod plunges into a tunnel and--

INSIDE THE TUNNEL - MOVING WITH HELEN ON THE POD

Darkness. Suddenly an opening in the tunnel rushes by, and Helen catches a glimpse of the ROCKET... and WHOOSH- the pod is back into a tunnel.

Helen stretches her torso out like a sail. It catches wind and she releases from the pod, reforms and drops to the tracks with catlike grace.

INSIDE THE BASE - TUNNEL ENTRANCE

Helen peeks out of the tunnel, looks out at the heavily guarded launch pad.

HELEN

A rocket?

Visible inside the open tip of the rocket sits a huge metallic wing with an enormous circular hole EMPTY in its center, waiting to be filled with...what?

ANOTHER CORRIDOR - LATER

Two armed GUARDS march past CAMERA. Unseen above them, Helen is stretched thin and hiding between a cluster of pipes which run down the center of the corridor. She watches as the guards exit through a sliding door.

She drops like a liquid cat to the floor, and begins to move down the corridor.

As Helen passes a metal door, she catches sight of her reflection in its shiny surface. She stops, FROWNS. It's been a while since her last Supersuit; her butt is a bit bigger than she remembered. She wonders if she should lose a few--

A GUARD

comes through the door at the far end of the hall. As he enters another junction, we see that Helen has contorted herself, arching perfectly around the door frame.

The GUARD doesn't see her. He slides a CARD KEY through a reader to enter a restricted corridor. The doors WHOOSH open. Directly behind him, Helen silently REFORMS and begins to back through the doorway when the doors behind her SLIDE SHUT--

--trapping HELEN'S LEG. She winces, tries in vain to pull it free. It's stuck. Leaving one hope--

STRETCHING across the corridor, Helen clambers after the guard on the palms of her hands, following him into the--

INNER CHAMBER

The guard stops at the ELEVATOR and presses the call button, his back to Helen. Just behind him, stretched far and held upright on one hand, Helen reaches with the other for the card key. She almost has it--

AT THE CORRIDOR

The DOOR suddenly closes on her stretched torso. Her upper third snaps back, her middle third TRAPPED and now stretched across--

HALLWAY - CENTRAL CORE

TWO MORE GUARDS (#2 & #3) are traveling in a transport. They are suddenly CLOTHESLINED by HELEN'S STRETCHED TORSO.

INNER CHAMBER

--knocking the wind out of HELEN. Directly in front of her at the far end of the hall, the ELEVATOR opens for GUARD #1; revealing GUARD #4 inside. He SEES HELEN.

GUARD #4

Hey!

Helen's arm stretches forward--

INNER CHAMBER - INSIDE ELEVATOR

IN A BLINK: her fist CLOCKS GUARD #4, disarms GUARD #1 hitting him with the butt of his gun. AS guard #4 drops to the floor, #1 hits the "CLOSE" button on the panel.

The DOORS CLOSE on Helen's ARM. Guard #1 GRINS. Helen's HAND FEELS AROUND, finds GUARD #1, his chest... chin... face and--

--PUNCHES his lights out. He DROPS.

RESUME MIDDLE CORRIDOR

The TORSO GUARDS (#2 & #3) get to their feet , and see HELEN, her ARM still stretched, through the glass door. They level their guns at her. At the same moment--

BLUE CORRIDOR

ANOTHER GUARD (#5) comes upon Helen's LEG in the closed doors. The sight *is*so odd, he can only stare. He decides to poke the leg with the barrel of his machine gun.

WITH HELEN

--as she REACTS to the poke. She SCOWLS-

RESUME BLUE CORRIDOR

--her LEG cocks back and FISHTAIL-KICKS GUARD #5. He flies backwards, his weapon discharging into the card scanner. The DOOR OPENS-- freeing Helen's LEGS, which sail across the corridor and--

SMASH the TORSO GUARDS (#2 & #3) against the middle door. They slide down into a heap... out cold.

INSIDE ELEVATOR

Helen's arm finds one of the guards' CARD KEY, slides it into the door scanner. The doors OPEN, releasing her torso.

ACCESS CORRIDOR

Helen drags the last of the UNCONSCIOUS GUARDS over to an open wall panel and stuffs him inside with the others. She throws her weight against the panel, finally getting it shut.

CLOSE ON: A FORCE FIELD

--glowing purple and fluttering around a campfire, it struggles to take form and finally does, trapping the fire's smoke inside.

INSIDE THE CAVE - NIGHT

Dash watches as Violet practices intently. She releases the force field sphere; the dark smoke ball rises upwards. Vi throws another force field, recapturing the smoke at the roof of the cave.

Dash gets to his feet, grabs a burning branch from the fire to use as a torch.

DASH

Welp, not that this isn't fun... but I'm gonna go look around.

VIOLET

What do you think is going on here? You think we're on vacation or something? Mom and Dad's lives could be in jeopardy. Or worse... their marriage.

DASH

Their marriage?

(Vi NODS sharply, PAUSE)

So... the bad guys are trying to wreck Mom's and Dad's marriage??

VIOLET

Forget it. You're so immature.

DASH

(exiting)

Okay, I'm gonna go look around.

VIOLET

Mom said to stay hidden.

DASH

I'm not gonna leave the cave. Sheesh!

ROCKET CONTROL ROOM - SAME MOMENT

Ground control technicians watch from the observation window as a GIANT METAL SPHERE, a massive version of the dreaded OMNIDROID ... is carefully guided into place inside the top stage of the rocket.

(CONTINUED)

CONTINUED:

The rocket's NOSE CONE is lowered over the OMNIDROID and secured into place. The cylindrical BLAST SHIELD closes around the rocket.

INSIDE THE CAVE

Lighting his way with a burning branch, Dash explores the depths of the cave. Suddenly the floor becomes smooth. Dash looks down, then holds his torch up. He's inside an enormous man-made TUNNEL.

DASH

Cool...

His voice ECHOES a bit. Dash brightens. He calls again, louder this time.

DASH (CONT'D)

COOL!

His voice ECHOES: ncool! Cool! Cool!" CONTROL

ROOM - SAME MOMENT

Syndrome shoves a PASS KEY into the control board, gives the key a twist... then presses the LAUNCH button.

LAUNCH TUBE

The rocket's engines FIRE. The sound is deafening as the rocket's massive weight slowly lifts into the air...

INSIDE THE CAVE - TUNNEL ENTRANCE

A low RUMBLE and a subtle push of warm wind emanate from the depths of the tunnel, which begins to GLOW. Dash's smile drops as he realizes it's an enormous FIREBALL rocketing towards him. He turns and RUNS.

WITH VIOLET

Vi is still practicing force fields when the depths of the cave begin to rumble and glow. She looks up.

DASH'S VOICE

Vi!!! Vi Vi Vi Vi **Vi!!!**

VIOLET

(Vi sees cavebrightening)

What did you DO?!

OUTSIDE THE CAVE

Dash and Violet race out of the cave, getting clear just as an enormous wall of FLAMES erupts after them. They look down with a shudder at how close they came. A roar behind them causes them to turn-- a ROCKET emerges from the center of the volcano, and soars into the night sky.

CONTROL ROOM - DETENTION BLOCK

Helen looks down from some vents in the ceiling. Silently she stretches her neck until her head dangles down behind the guards.

HER P.O.V.:

Helen scans the detention grid.. and notices a tremendous spike of power to restrain the prisoner in cell 13.

HELEN

Bob...

Helen quickly pulls her head back up through the vent in the ceiling and EXITS.

GUARD #1

Huh? What...?

GUARD #2

I didn't say anything.

ABOVE THE EARTH

The final stage of the Omnidroid's capsule separates. The Omni ship begins to descend below the cloud layer, toward the city.

EXT. NOMANISAN JUNGLE - THE NEXT MORNING

Dash awakens, discovering to his horror that he's curled up with Violet. Repulsed, he JUMPS UP and shudders.

O.S. VOICE

Identification?

Startled, Dash turns toward the sound. A brightly colored BIRD perches in a nearby tree.

BIRD

Identification, please...?

DASH
 (laughs, NUDGES Vi)
 Hey, Violet! Look! It talks!

VIOLET
 (half asleep)
 Hrnn? What...

DASH
 (pointing)
 There... that one.

Violet walks up and stares , also beguiled by thebird.

BIRD
 Voice key incorrect.

Dash chortles. Violet's smile starts to FADE--

VIOLET
 "Voice key"..?.? Wait a second..•

The bird's head slowly SWIVELS toward the kids with a soft COMPUTING SOUND. Its eyes LIGHT UP RED as its beak drops open, and it lets out a shrill electronic ALARM.

RESUME JUNGLE - DASH & VIOLET

Violet backs away from the shrieking bird, Dash following after her, panicking.

DASH
 What do we do??

VIOLET
 RUN!

DASH
 Where are we going??

VIOLET
 Away from here!!

They turn and RUN. The SHRIEKING BIRD takes wing, following after them.

INT. SYNDROME'S BASE - MONITORING STATION

Alarms sound. A section of the island grid LIGHTS UP, locating the KIDS. A guard hits the SCRAMBLE button.

EXT. BASE - MOMENTS LATER

Guards on VELOCIPODS zoom out into jungle.

INT. CONTAINMENT UNIT

Bob hangs, defeated, in the suspension beams. The cell door slides OPEN. A FIGURE is silhouetted there-- MIRAGE.

She switches off the suspension ray. Bob drops to the floor. Bob just sits there on his knees, his eyes cast downward. Mirage crosses to him, kneels down••.

MIRAGE

There isn't much time--

Bob's hand flashes out and CLAMPS around her throat. He RISES, holding her dangling body aloft with one hand.

BOB

No, there isn't. In fact, there's no time at all.

MIRAGE

(gasping)

••pl--ease••

BOB

Why are you here? How can you possibly bring me lower? What more can you take away from *me*??

MIRAGE

(struggling to speak)

F--amily•• survived the crash••• they're here-- on the island.••

BOB

•••they're-- alive??

Bob releases his grip, Mirage drops to the floor, gasping raggedly. Bob lifts her up and EMBRACES her. Mirage drinks it in, then REACTS at the sight of a figure in the doorway. Bob LOOKS UP.

BOB (CONT'D)

Helen--?

Mirage and Bob push apart, Mirage composing herself.

MIRAGE

Hello! You must be Mrs. Iner--

Helen's fist flies across the room and CRACKS across Mirage's jaw. Mirage spins and crashes to the ground. Bob seizes Helen's stretched wrist--

BOB

She was helping me to escape--

HELEN

No, that's what *I* was doing!

Bob pulls her to *him*. She resists, pushing *him* away with her stretchy limbs like a cat being forced into a bath as-

HELEN (CONT'D)

Let go of me-- LET GO-- you lousy, lying, unfaithful, creep, I--

--Bob smothers her protests with a big kiss.

BOB

How could I betray the perfect woman?

HELEN

(still irked)

Oh, you're referring to me now...

BOB

Where are the kids?

Mirage sits up, holding her jaw.

MIRAGE

They might've triggered the alert. Security's been sent into the jungle. You'd better get going.

HELEN

What?? Now our kids are in danger??

Bob and Helen turn to exit, bickering as they do.

BOB

If you suspected danger, why'd you bring them?

HELEN

I didn't bring them, they stowed away and I don't think you're striking the proper tone here--

JUNGLE - WITH DASH AND VI - SAME MOMENT

Running blindly. The kids are suddenly confronted by GUARDS on three manned VELOCIPODS. Glancing at the GUARDS, Violet speaks quietly to Dash.

VIOLET

Dash. Remember what Mom said.

DASH

What...?

LEAD GUARD

Stop talking!

Abruptly Vi VANISHES. Dash looks around in surprise.

VIOLET'S VOICE

Dash!! RUN!!

Suddenly understanding-- Dash BOLTS, jumping from the transport and vanishing into the jungle. It happens FAST:

The GUARD'S head snaps toward the sound of Vi's VOICE. He swings his rifle-- we hear a heavy THUD as Violet's (invisible) body is knocked from the transport: a cloud of dust surrounds an impression in the dirt.

GUARD #2

They're SUPERS!

LEAD GUARD

GET THE BOY!

3.GUARDS take off after Dash on VELOCIPODS.

LEAD GUARD (CONT'D)

Show yourself!

RACING THROUGH THE JUNGLE

Dash BLASTS through the foliage on foot, unbelievably FAST, a manned VELOCIPOD hot on his tail. But the terrain is dense, uneven and difficult, and Dash is forced to adhere to the thin TRAIL winding through the growth.

UP AHEAD

a SWARM of flies fusses in the air. Suddenly Dash bursts into view; rocketing RIGHT THROUGH the SWARM! BUGS splatter Dash's face like an interstate windshield--

(CONTINUED)

DASH
AGGCCHH!!!

Dash STUMBLES, careens end over end through the undergrowth like an Indy 500 car crash, and finally tumbles to a stop. Unharmed, but thoroughly REPULSED, Dash wipes his bug-spattered face and teeth.

DASH (CONT'D)
Achpppt!! PtTHWAAAGH! PTHPT!

A Velocipod bursts out of the brush after him and he TAKES OFF, tearing through the jungle.

Running fast, Dash grabs a LONG VINE-- which sends him out in a wide arc that surprises the trailing GUARD. HE SHOOTS PAST Dash and roars off into the undergrowth. Dash releases the vine, tumbling roughly to his feet, and RUNS.

A Velocipod bursts out of the brush and is on top of him. Impossibly, Dash ACCELERATES, staying just ahead of it. He sees ANOTHER VINE, grabs it and is PROPELLED UPWARDS--

ABOVE THE TREES

Dash explodes out of the canopy , flailing, out of control. He looks down and sees--

--the treetops suddenly DROP AWAY. Dash is FALLING OFF A CLIFF, SCREAMING his ten-year-old lungs out as he--

--LANDS ON A VELOCIPOD!! Fleetingly astonished by his good luck, DASH LOOKS UP as the startled GUARD whirls around to face him. The guard SWINGS. Dash DUCKS and reluctantly throws a PUNCH at the guard's face. It lands!

Thrilled that his raw speed renders the guard powerless to dodge or return his punches, Dash LAUGHS and, growing more confident with each punch, socks the GUARD again and again, blissfully unaware that NO ONE IS DRIVING.

Dash LOOKS UP. His jaw drops: a ROCK WALL looms ahead!

Dash POINTS at it. The GUARD sees an opening and SOCKS Dash in the face, knocking him off just as--

--the velocipod slams into the cliff face, vaporizing in a FIREBALL!

(CONTINUED)

CONTINUED

Dash FALLS: making desperate flailing GRABS as he HITS limb after limb of an enormous tree, finally getting hold of a branch and arresting his descent. He pants, heart racing, and looks down to see--

--his feet dangling about a yard off the jungle floor. Elated about his survival, Dash drops to the ground and lets out a loud WHOOP, immediately alerting--

TWO GUARDS ON VELOCIPODS

nearby to his presence. They turn their V-pods after him.

WITH DASH

as he BOLTS again, accelerating to breakneck speed. He smashes through an endless succession of FOLIAGE-- nearly colliding with tree trunks and rocks and SUDDENLY--

A LAGOON lies in front of him. Dash REACTS: the V-PODS are on his tail, he has nowhere to go, so he takes a deep breath and STEPS ON IT--

--and has enough velocity to RUN ACROSS THE WATER! Amazed and exhilarated, Dash blasts across the water's surface, weaving like a speedboat around the large volcanic ROCKS jutting out of the water.

Velocipods OPEN FIRE... strafing the water as Dash is pursued into a CAVE.

VELOCIPOD #2 pulls up short at the cave entrance and chooses to go around.

INSIDE THE CAVE

Dash runs, Velocipod on his heels. Weaves around rocks, manages to put some distance between himself and Velocipod when he sees--

V.POD #2 corning straight at him! Dash wheels around, his legs churning the water like an eggbeater He SEES V-POD #1 closing fast. HE HAS NOWHERE TO GO and, like a deer in headlights, Dash STOPS--

--suddenly dropping beneath the water's surface as the Velocipods COLLIDE-- BOOOM!

SOMEWHERE IN THE JUNGLE - MOVING - SAME MOMENT

Bob and Helen run, not tired but breathing hard--

(CONTINUED)

BOB

I should've told you I was fired, I admit it, but I didn't want you to worry--

HELEN

You didn't want me to worry?? And now we're running for our lives through some godforsaken jungle!

BOB

You keep trying to pick a fight, but I'm still just happy you're alive--

ANOTHER PART OF THE JUNGLE - VIOLET & THE GUARD

The remaining GUARD waits, his machine gun at the ready. Suddenly the dirt MOVES. The guard FIRES, strafing the ground just behind a SUCCESSION OF FOOTPRINTS that streak toward the river moments before a SPLASH appears.

THE RIVER - UNDER THE WATER'S SURFACE

We see a Violet-shaped DISTORTION as BULLET TRAILS furiously slice the surrounding water.

WITH THE GUARD

--still firing. He STOPS, unnerved and adrenalized. Tensed and ready, he nervously scans the river.

GUARD #1

I know you're there, little Miss
Disappear. You can't hide from me•••

Training his gun where he last saw Violet, the GUARD grabs a handful of dirt from the riverbank and throws it into the water. He shoulders his RIFLE, watching the dirt turn into a brown CLOUD as it travels downstream•••

GUARD #1 (CONT'D)

The guard TAKES AIM and- DASH

--KNOCKING the guard's gun barrel skyward as it FIRES. The guard swings around-- strafing the ground at DASH'S heels as he plunges back into the jungle.

A SPLASH explodes from the river as INVISIBLE VIOLET makes a break for it. THE GUARD sees this and swings the gun toward her as--

DASH blasts out of the jungle and knocks the Guard's legs out from under him. They TUMBLE and scrap, Dash redeeming his lack of size with lightning-fast punches and feints.

DASH (CONT'D)

Stay away from my sister!!

Disoriented, the guard swings and--

--CONNECTS-- knocking Dash off his feet. He tumbles backward, dazed. The guard shoulders his rifle, leveling it at Dash. Dash looks up; sees he's screwed. The guard GRINS wickedly.. and pulls the trigger--

Violet suddenly APPEARS in mid-air, diving in front of Dash as she THROWS A FORCE FIELD around them! A hail of bullets ricochet off the force field.

INSIDE THE FORCE FIELD

Dash looks up, sees Violet SUSPENDED IN MID-AIR in the center of the ELECTRIC SPHERE.

DASH

How are you doing that???

VIOLET

I don't know!

DASH

Well, whatever you do-- DON'T STOP!

WIDER

as Dash starts to walk within the force field like a gerbil on a wheel. Violet spins ever faster in the sphere's hub as Dash accelerates into a run.

The GUARDS empty their clips at the ROLLING SPHERE with no effect. It rumbles past them and straight into the jungle.

CONTINUED:

MOVING WITH THE ROLLING FORCE FIELD

as it carries Dash and Vi down a steep hillside into the path of two speeding VELOCIPODS, who FIRE at the sphere. It's clipped by one Velocipod-- which then spirals into a rock and EXPLODES.

A JUNGLE CLEARING, NOT FAR AWAY - SAME MOMENT

Bob and Helen hear the EXPLOSION'S echo, and STOP, worried. That's when they hear the RUMBLE. Before they can get clear, the ROLLING FORCE FIELD bursts out of the brush--

INSIDE THE SPHERE

The children REACT as their surprised PARENTS flatten against the force field like dough against a rolling pin, revolving in and out of view.

VIOLET & DASH

Mom!! DAD!!

RESUME WIDE VIEW

Violet VANISHES the force field and the entire family tumbles to the jungle floor.

BOB & HELEN

KIDS!!

There is a frantic, joyful exchange of hugs and kisses, unfortunately cut short when--

VELOCIPODS explode out of the foliage! The INCREDIBLES instantly jump to their feet:

Helen throws a STRETCHED SCISSORS **KICK** which catches a guard in the chest, knocking him out of his V-pod. Bob CHOPS a second passing velocipod-- it PLOWS straight into the soft jungle floor. Before its PILOT can react--

--Helen's arm is coiled around him. She YANKS him from the vehicle, whiplashing him into another guard, knocking them both out cold. Bob grabs the crashed V-pod and Frisbees it into a V-pod emerging from the trees-
BOOOOM!

And it's OVER. Bob and Helen had forgotten how good they were. They exchange lustful glances.

BOB & HELEN (CONT'D)

SYNDROME
Whoa whoa WHOA-- TIME OUT!!

Syndrome keeps his wrists crossed; one BEAM trained on the SUSPENDED COUPLE, the other on the SUSPENDED KIDS.

SYNDROME (CONT'D)
What have we here? *Matching* uniforms??

He glances between the four faces. His eyes narrow as he zeroes in on Helen. An astonished smile splits his face.

SYNDROME

Oh I'M REAL! Real enough to defeat YOU! And I did it without your precious gifts, your oh-so-special powers! I'll give them heroics, I'll give 'em the most spectacular heroics anyone's ever seen! And when I'm old and I've had my fun, I'll sell my inventions, so everyone can be Superheroes, everyone can be Super! And when everyone's Super--

Syndrome EXITS, cackling.

RESUME CONTAINMENT UNIT

The Incredibles hang in mid-air, defeated... as a live NEWSCAST covers the terrifying Omnidroid attack.

BOB

I'm sorry.

The others look up in dull surprise at Bob's confession.

BOB (CONT'D)

This is my fault. I've been a lousy father.
Blind... to what I have.

Behind Bob, Violet begins to rock back and forth, revealing that she's suspended not in Syndrome's Ray, but *in the center of her own force field!*

BOB (CONT'D)

I swear I'm gonna get us out of this if--

VIOLET

(interrupting)

Well. I think Dad has made some excellent
progress today . But it's time to wind down
now--

Violet throws a switch, releasing the Incredibles from the
BEAM. They DROP to the floor.

LAUNCHING BAY - NOMANISAN - DAY

The Incredibles race through an empty corridor.

BOB

We need to get back to the mainland.

HELEN

I saw an aircraft hangar on my way in. Straight
ahead , I think--

Bob's hands pry open the heavy metal doors, crunching
them like foil. The INCREDIBLES enter the huge HANGAR
unmolested.

BOB

Where are all the guards?

(to family)

Go... go!

Laughter drifts out of a large Winnebago crowned with
transmission arrays parked near the launchpad.

INSIDE THE WINNEBAGO

The GUARDS watch live coverage of the OMNIDROID attack on a
video monitor. Champagne is popped: the cork is unexpectedly
CAUGHT by someone standing in the doorway--

--MR. INCREDIBLE. The guards fall SILENT..

OUTSIDE THE MOBILE UNIT

The vehicle ROCKS as Bob quickly punches out the guards within. In moments Bob emerges, whistles to his family that the coast is clear.

HELEN

This is the hangar, but I don't see any jets.

BOB

A jet's not fast enough.

HELEN

What's faster than a jet?

DASH

How about a rocket?

The other Incredibles follow Dash's finger to an enormous shield-shaped ROCKET, identical to the one launched earlier-- save for a perfect circular hole in the center.

HELEN

Great. I can't fly a rocket.

VIOLET

You don't have to. Use the coordinates from the last launch.

Bob & Helen BEAM at their daughter's cleverness. Then Bob's smile FADES.

BOB

Wait. I'll bet Syndrome's changed the password by now. How do I get into the computer?

A VOICE comes over the loudspeaker.

VOICE

Say please.

The Incredibles turn and look up. MIRAGE stands in the monitoring station above the launchpad, smiling.

SYNDROME

No, no... I'm a new Superhero! I'm SYNDROME!!

Syndrome carelessly flings the tanker truck behind him with a flourish. It EXPLODES, frightening the crowd.

SYNDROME (CONT'D)

Alright, stand back!

The Ornnidroid reaches a massive claw toward Syndrome, who presses a series of buttons on his power cuff. The robot FREEZES suddenly, IDLING. Syndrome smiles, pressing another series of buttons on his remote.

EEEEYAAAAHHHH!

EXT. FREEWAY - MOVING WITH THE VAN

The VAN takes a violent SWERVE across six lanes, barely
making the offramp! Sparks spray as the van slams into the
metal railing. The VAN careens off the railing and into
traffic, narrowly missing a SEMI. HORNS BLARE.

INT. VAN

Bob's teeth clench as he fights to slow the car down. He
STOMPS BOTH FEET on the BRAKES.

(CONTINUED)

EXT. VAN

Its tires smoking, the Van pulls sideways and loses it, TUMBLING down the center of the street, spraying metal pieces in its wake. It rolls into an open parking space, and lands-- miraculously upright, stripped like an ear of eaten corn.

INT. VAN

Bob and Helen sit up woozily. Bob turns to the kids.

BOB

Is everybody okay back there...?

Violet and Dash pull themselves upright. They look as if they've emerged from an industrial tumble dryer.

VIOLET

Super-duper, Dad...!

DASH

Let's do *that* again!

The OMNIDROID comes into view through the cracked windshield. Bob releases his seat belt, turns to Helen.

BOB

Wait here and stay hidden. I'm going in.

EXT. VAN

Bob grimly starts after the Omnidroid. Helen stretches an arm out and grabs his shoulder, spinning him around.

HELEN

While what? I watch helplessly from the sidelines? I don't think so.

BOB

I'm *asking* you to wait with the kids.

HELEN

And I'm *telling* you "not a chance." You're my husband. I'm with you. For better or worse.

BOB

I have to do this alone.

HELEN

What is this to you?
Playtime?

BOB

No.

HELEN BOB

So you can be Mr. Incredible again?? No!

HELEN BOB

Then WHAT? What is it?? I'm... I'm not--

HELEN BOB

Not what?? --not strong enough!

HELEN BOB

"Strong enough"?? And this will make you stronger?? Yes-- NO!!

HELEN

That's what this is? Some sort of workout?!!

BOB

(grabbing her suddenly)
I CAN'T LOSE YOU AGAIN!!!

Helen is stunned. She stares at Bob, whose head is bowed like a child.

BOB (CONT'D)

I *can't*. Not again...
(a whisper)
...I'm not strong enough.

Helen searches Bob's eyes, deeply touched. She throws her arms around him, kissing him.

HELEN

If we work together you won't have to be.

Bob looks into her eyes, equally tender.

BOB

I don't know what'll happen.

HELEN

Hey, we're Superheroes. What could happen?

Violet SCREAMS. She and Dash jump clear just as the van is CRUSHED by the Omnidroid's metal foot. The INCREDIBLES run. Another Omnidroid foot SMASHES into the street, blocking the kids way. Bob and Helen stop, whirling--

HELEN (CONT'D)

(CONTINUED)

Vi, Dash-- NO!!

CONTINUED: (2)

The OMNIDROID is now fully focused on the kids, pounding Violet's force field relentlessly with its giant claws. The shield HOLDS. The BOT draws itself up, and DROPS-- the entirety of its massive bulk SLAMS into the force field--

--knocking Vi UNCONSCIOUS. Her force field FLICKERS OUT.

DASH
Violet...?

Again the BOT draws itself up to deliver the crushing blow. Dash cringes and the bot DROPS--

--and HITS an obstacle halfway down. Dash looks up--

DASH (CONT'D)
Dad!

Bob is underneath the bot, on his back, his arms and legs straining under the weight of it.

BOB
Go... go--!

Vi comes to, and is instantly YANKED out from under the machine and into Helen's arms. Dash follows them around the corner.

Straining, Bob lifts the BOT enough to get his feet underneath him. The bot snatches Bob out from underneath and flings him at a building across the street.

INT. BUILDING - EIGHTH FLOOR OFFICES

The windows SHATTER as Bob's body tumbles across the floor, scattering desks and chairs.

EXT. CITY STREETS

Helen rounds a corner out of the omnidroid's view and carefully sets Violet down. She looks at Dash and Vi.

HELEN
(firm)
Stay here. Okay?

Helen turns away, charging back toward the robot. Vi and Dash watch their fearless mother in amazement.

WITH BOB AND THE OMNIDROID

as the bot pulls itself up the building to look for Bob. Bob charges the bot, hitting it with enough force to dislodge it from the building. It FALLS, crashing into the street with an earth-shatteringBOOM.

Bob falls with it but rolls and lands on his feet. The familiar sound of cracking ice causes Bob to look up--

BOB
Frozone! YEAH!!

A narrow sheet of ice streaks across the pavement and FROZONE skates past, joining the fight.

FOLLOWING FROZONE

He moves to the Omnidroid, expertly icing its joints as it tries to get up. The machine WHINES as its motors strain against the ice.

FURTHER DOWN THE STREET

Helen rushes up to Bob.

Bob--

HELEN

Just then Frozone sails into frame and crashes into the roof of a parked car. Bob turns angrily toward the robot--

BOB

HEY--!!

--and is immediately SMACKED by the robot. Bob flies into the side of a building and tumbles to the street.

Frozone and Helen distract the robot, heckling it and spreading out. It goes after them like an enraged beast.

Dazed, Bob looks up and sees a strange device on the ground in front of him. He examines it, his eyes widening when he realizes what it is. He holds it up, yelling excitedly to the others--

BOB (CONT'D)

SYNDROME'S REMOTE!!

WHAM! The bot comes down on Bob like a ton of bricks, lifting him high above the ground. Miraculously, Bob has held on to the remote, and he quickly stabs at the buttons, hoping to get lucky.

:

With a BOOM one of the bot's limbs RELEASES, sending it-- and Bob-- crashing to the ground.

AROUND THE CORNER

Violet sees this. She turns to Dash.

VIOLET

The remote controls the robot!

WITH BOB AND THE OMNIDROID

The Omnidroid knows this too, and it fires laser blasts at Bob to try to stop Bob from using the remote. Bob jumps clear, then hears his son from down the street.

DASH

Hey, Dad! Throw it! Throw it!!

BOB

GO LONG!!

Bob gives the remote a MONSTER THROW, flinging it high into the air and across the river. Dash pivots and takes off after it. The Omni sees Dash and starts firing after him.

WITH DASH

as he hits the water, jetting across the water's surface as the Omni fires away. The water EXPLODES around Dash, but he concentrates on the remote, following it into his hands like an NFL receiver.

DASH

I GOT IT!!

Dash crosses the river and hits the streets on the other side, seemingly home free. But the Omni is still **FIRING**, and it hits some cars in Dash's path, igniting their gas tanks. Suddenly Dash is surrounded by a wall of **FLAMES!**

WITH BOB

He runs toward Helen, who is closer to the Omnidroid.

BOB

HONEY! TAKE OUT ITS GUNS!!

HELEN

hears him. She grabs a heavy MANHOLE COVER, winding her elastic arm around a light pole to fling it-- like an arrow-- at the OMNIDROID'S gun. Bull's-eye.

ACROSS THE RIVER

What follows amounts to a game of hot potato between the Supers and the robot over the remote:

Frozone saves Dash from the circle of burning cars. The Robot sees this and goes after them. With Dash on his back, Frozone races across the river, freezing it in front of him as he goes.

The robot JUMPS-- almost on top of them, creating a MASSIVE WAVE and throwing Dash and Frozone high into the air. Thinking fast, Frozone turns the wave into a wall of SNOW. It crashes over the streets, cushioning their fall.

IN THE STREET - NEARBY

The remote clatters to the ground. Bob sees it and runs for it. The bot sees Bob and fires a claw-- catching Bob just as he was reaching for the remote. The CLAW-- with Bob inside-- tumbles end over end down the street. With Bob out of the way, the bot heads for the remote.

Frozone ices the robot's path, causing the bot's metal feet to slip and slide. Helen runs ahead of the bot, stretching herself into a tripwire across the stumbling robot's path. It CRASHES to the street.

The bot LOOKS UP. The remote lies on the street just in front of it, easily within its grasp. The bot reaches out with a claw to destroy the remote. The remote magically JUMPS CLEAR. The bot tries again, and again the remote darts away. Riled now, the bot rears up and STABS wildly at the remote with all of its arms. We hear VIOLET shriek, as the remote repeatedly eludes the robot's grasp: finally tangling its legs so badly that it topples over.

Vi REAPPEARS, running back to rejoin the group in the middle of the street.

VIOLET

Mom, I got it! I got the remote!

FROZONE

A remote? A remote that controls what?

(CONTINUED)

CONTINUED

Violet begins to fiddle with the remote's CLICK-WHEEL, poking its buttons to no effect. The robot has gotten to its feet and lunges toward them.

Violet shrieks and presses the button a last time. ROCKETS FIRE underneath the robot's clawed feet, lifting the enormous machine into the air.

FROZONE (CONT'D)

The ROBOT???

Everyone ducks as the robot rockets overhead, crashing into a building at the end of the street. Like a woozy prizefighter, the Omnidroid gets back on its feet.

DASH

It's coming back!

Dash snatches the remote from Violet, aims it at the robot, spins the click-wheel and presses a button. Behind Dash (and unseen by all) the claws on the robot's detached arm SPRING OPEN-- flinging Bob into the air.

DASH (CONT'D)

That wasn't right.

VIOLET

(snatching remote back)

Give me that!

DOWN THE STREET - WITH BOB

He climbs to his feet, muttering to himself.

BOB

We can't stop it...! The only thing hard enough to penetrate it is...

A thought hits him. He turns, staring at the metal claw.

BOB (CONT'D)

WITH FROZONE, HELEN & THE KIDS

Helen has the remote now and is trying to figure it out. The Omnidroid has them all in its sights and is lumbering toward them. The kids are starting to panic.

HELEN

No, this'll work! This'll work!

Lucius, try to buy us sometime!

FROZONE

(re: button, exiting)

Try the one next to it!

Lucius takes off, throwing ice and skating down the street toward the approaching robot. He JUMPS off an ice ramp, his skates CONVERTING into a circular ski-disc in mid-air. He lands, throwing a massive ICE WALL in front of the robot.

WITH BOB

As he closes the claw into a massive arrowhead and starts charging down the street.

WITH HELEN & THE KIDS

Helen dials the click-wheel on the remote, pokes a button.

RESUME BOB

The back of the claw suddenly FIRES a rocket engine. Bob veers crazily, trying to control it.

RESUME HELEN & THE KIDS

She pokes the button again. Now close to the group, Bob's claw rocket SWITCHES OFF. Bob gets an idea.

BOB

Wait a minute--!

(yells to Helen)

Press that button again!

Helen presses a button. The claw blades start to spin.

BOB (CONT'D)

No-- the other one! The FIRSTONE!

HELEN

First button-- got it!

The Ornnidroid has broken through the first ice wall, and pounding away at a second one. Though Frozone's giving it all he's got, the robot's starting to get through.

FROZONE

HELEN???

Helen looks at the remote, gestures at her kids.

HELEN

Get outta here, kids! Find a safe spot!

VIOLET

We're not going anywhere!

BOB (FROM DOWN THE STREET)

PRESS THE BUTTON!

HELEN

NOT YET!

The Omnidroid is pounding through the second wall. Bob shouts from behind them.

BOB

WHAT'RE YOU WAITING FOR??!

HELEN

A CLOSER TARGET! YOU GOT ONE SHOT!

The Ornnidroid SHATTERS the last wall-- it's almost on top of them. Helen presses the button. The claw-rocket FIRES. Bob aims it directly at the Omnidroid's metal underbelly--

BOB

EVERYBODY DUCK!!

--and RELEASES IT. The giant metal arrow roars overhead and drills clean through the robot's body, corning out the other side. For a long moment nothing happens. Then the gargantuan machine KEELS OVER and EXPLODES. It's over.

The family looks at each other, stunned. Frozone starts to chuckle. Bob smiles as he looks at his Super family. It feels like his best memories... only better.

The seemingly empty city begins to come to life, as people emerge from their hiding places, converging in the street. People begin to spontaneously CHEER the heroes, welcoming the Supers' return. Two ELDERLY GENTLEMEN stand together in the crowd. One nudges the other.

FRANK

See that? That's the way you do it. That's Old School.

OLLIE

Yup. No school like the Old School.

(CONTINUED)

ON A NEARBY ROOFTOP

SYNDROME comes to. Looks over the edge to the streets below to find the battle over and the masses cheering-not for him, but for the group of Supers. He DARKENS.

SYNDROME

No--!

WITH FROZONE AND THE INCREDIBLES

They drink in the cheers as the adoring crowd gathers around them.

FROZONE

Just like old times.

BOB

Just like old times••.

Bob slaps Frozone on the back, a little too hard. Frozone shakes it off.

FROZONE

Yeah. Hurt then, too.

EXT. CITY STREETS - MOVING - DUSK

A long, black LIMO cruises down the street.

INSIDE THE LIMO - CONTINUOUS

Bob sits proudly with his family as Rick Dicker debriefs them. Everyone is enjoying the moment, save for Helen, who has already clicked back into "mother-mode" and is using the car phone to get messages.

DICKER

We've frozen all his assets. If Syndrome even sneezes we'll be there with a hanky and a pair of handcuffs. The people of this country are indebted to you. We'll make good on it.

BOB

Does this mean we can come out of hiding?

DICKER

Let the politicians figure that one out. But I've been asked to assure you that we'll take care of everything else. You did good, Bob.

Dash plays with the electric windows as Helen retrieves messages from the car phone. Window up, window down•••

KARI'S VOICE

(beep)

Hello, Mrs. Parr. Everything's fine, but there's something-- unusual about Jack Jack. Can you call me, okay?

••window up, up, down, up. Finally Helen snaps.

HELEN

(to Dash)

Come on! We're in a limo!

Bob is looking appreciatively at Violet.

BOB

You're wearing your hair back.

VIOLET

Huh? Oh, yeah. I just••. yeah.

BOB

It looks good.

VIOLET

(blushing)

Thanks, Dad.

DASH

(to Bob)

That was so cool when you threw that car.

BOB

Not as cool as you running on water.

DASH

And Mom when she-- hey, Mom! That was sweet when you snagged that bad guy with your arm and kinda like whiplashed him into the other guy--

HELEN

I'm trying to listen to messages, honey••.

DASH

And we totally aced those guys that tried to kill us! That was the best vacation ever! I love our family.

Bob, listen to this--

Helen is listening to the last message as the limo slows to a stop in front of their home--

DICKER

Here we are•••

KARI'S VOICE

(through phone, calmer)

Hi, this is Kari. Sorry for freaking out. But your baby has *special needs*. Anyway, thanks for sending a replacement sitter--

HELEN

(looks at Bob, alarmed)

"Replacement"•••? I didn't call for a replacement!

Bob's eyes widen. He and Helen jump from the car, followed by the kids. They cross the lawn and burst through the front door to REVEAL--

SYNDROME

who SPINS, hitting the family with his ZERO-POINT RAY. Cradling a sleeping Jack-Jack in his arms, he grins.

SYNDROME

Shh. The baby's sleeping.

He CACKLES. The Incredibles are frozen and helpless in the grasp of the ZERO-POINT. Only their eyes betray their desperation.

SYNDROME (CONT'D)

You took away my future. I'm simply returning the favor. Don't worry. I'll be a good mentor; supportive, encouraging. Everything you weren't. And in time, who knows? He might make a good sidekick•••

Syndrome FLINGS the family into the bookcase. He points his power band toward the roof and blows a huge hole *in* it, revealing his MANTA JET hovering high above. Syndrome fires his jet-boots and TAKES OFF toward the jet.

HELEN

He's getting away, Bob! We have to do something! We have to do something now!

ASCENDING **WITH** SYNDROME & JACK-JACK - DUSK

JACK-JACK awakens to the sight of his family and home receding beneath him. He CRIES, reaching out for them.

Syndrome nears the MANTA JET. JACK-JACK'S crying turns angry and suddenly he BURSTS INTO FLAMES. Syndrome shrieks. Jack-Jack's fire goes out, revealing that the baby has turned to METAL.

Syndrome DROPS with the sudden weight. His jet-boots compensate, but Syndrome is struggling to stay aloft. The baby's flesh reverts to normal, but the baby begins to VIBRATE fiercely. Syndrome can barely keep hold of him•

ON THE GROUND

Helen turns to Bob, panicked.

HELEN

Something's happening! What's happening??

RESUME SYNDROME & JACK-JACK

The vibrating baby begins to REDDEN, TRANSFORMING abruptly into mini-MONSTER. The Jack-Jack monster throws a headlock around Syndrome, laughing maniacally and starts to RIP APART Syndrome's Jet-boots!

ON THE GROUND

Bob and Helen watch helplessly.

HELEN

We have to stop him! Throw something!

BOB

I can't! I might hit Jack-Jack!

HELEN

(realization, softly)
Throw me•••

HELEN
Bob-- THROW ME!!

Helen leaps into Bob's arms, forming into a SPEAR shape. BOB takes aim and FLINGS HER toward the falling baby.

IN THE SKY

HELEN SOARS-- and GRABS JACK-JACK! She quickly BLOOMS into a parachute.

INT./EXT. MANTA JET

SYNDROME regains control. He successfully docks with the hovering Manta Jet. He stands at the docking doors, his cape blowing dramatically upwards•••

SYNDROME
THIS ISN'T THE END OF IT!!

ON THE GROUND

Bob looks around wildly for a way to get at Syndrome, and spies his sports car. Regret flashes across his face--

EXT. MANTA JET

SYNDROME
I WILL GET YOUR SON!! I'LL-- oh no•••

Syndrome's eyes go wide. BOB'S CAR is soaring toward him, tumbling end over end towards the MANTA JET. Syndrome jumps back as the crafts COLLIDE, blowing him off his feet and up over the wing, toward the turbines.

Clawing madly to find purchase, he LOOKS over his shoulder in time to see the end of his CAPE sucked into the intake. Syndrome SCREAMS as he's YANKED OUT OF FRAME--

ON THE GROUND

BOB, DASH & VI react as the MANTA JET EXPLODES.

DESCENDING WITH HELEN AND JACK-JACK

Helen cradles Jack-Jack facing upwards, his back toward the ground. He looks at her, giggling and cooing.

HELEN

Look at Mommy, honey. Don't look down,
Mommy's got you. Everything's alright•••

But Jack-Jack sees burning wreckage coming toward them and starts to SHRIEK, pointing upwards. Helen turns to see it as--

WRECKAGE CRASHES ON TOP OF THEM, DESTROYING THE PARR HOME. HELEN & JJ ARE SAVED. VI AND HELEN EXCHANGE A MEANINGFUL LOOK:

HELEN (CONT'D)

That's my girl.

DASH

Does this mean we have to move again?

Everyone chuckles at this. The smoke begins to clear, REVEALING a lone witness to this cataclysmic event--

--the Big Wheel KID, whose eyes are as big as dinner plates.

KID

Ooohh, man, THAT WAS TOTALLY WICKED!

FADE TO BLACK.

EXT. PARKER STADIUM - DAY - THREE MONTHS LATER

The stadium parking lot is about half full on a beautiful cloudless day. The marquee announces JUNIOR HIGH TRACK FINALS.

INSIDE THE STADIUM

Young runners loosen up at the starting line of the hundred-yard dash. Dash is among them. He waves to the stands.

IN THE STANDS

Bob, Helen and Jack-Jack wave back. Coming down the steps is none other than Violet's crush, TONY RYDINGER. He waves coolly at some friends and heads toward the concession stand•• PAUSING when he sees Violet and a friend talking nearby. He approaches them.

TONY

VIOLET

TONY

Violet silences Tony with a single finger on his lips. Tony stares at her in shock and wonder.

VIOLET

I like movies. I'll buy the popcorn.

(then, gently)

Okay...?

TONY

Yeah. Good. A movie. Okay. Friday?

VIOLET

His ragged voice amplified through a loudspeaker, the UNDERMINER speaks--

UNDERMINER

BEHOLD THE UNDERMINER! I'M ALWAYS BENEATH YOU, BUT NOTHING IS BENEATH ME! I HEREBY DECLARE WAR ON PEACE AND HAPPINESS! ALL WILL TREMBLE BEFORE ME! (etc.)

CAMERA pans off Bob as he glances at his family. They've already donned their masks, ready as they'll ever be. CAMERA returns to Bob, revealing that he too has put on his mask•

He turns toward their new nemesis and SMILES, RIPS his shirt OPEN TO REVEAL the "i" insignia on the chest of his Supersuit underneath, the logo of--
